

H1b — Directional composition: manifesto (M) vs. speech (S)

Within-domain share of directional sub-labels, averaged across LP 13–20

Within each panel cell, manifesto and speech bars sum to 100% of mass within the domain (Andere excluded).
Row strip text shows each party's mean overall JSD on Aggregation B across LPs (M1 mapping).
M1 mapping. Colours grouped by domain. Thin vertical separators divide manifesto/speech bars.
